Inaugural CBEA Efficiency Forum

CBEA has a lot of resources ready and dedicated members… so why are we here?

✓ Input on bridging the gap from current success to energy savings potential

Today: CBEA only – Are energy savings what we expect? What works, what does not, and how can we reach our potential?

✓ Sector breakouts to engage your peers

✓ Project Team breakouts: *Actionable* barriers and solutions

✓ Report back

Tomorrow: Reality check by expert stakeholders

✓ CBEA intro, sample successes, RTU Challenge and Lighting Campaign

✓ Project Team breakouts: Vet takeaways from today, new ideas

✓ Report back and Forum feedback

Optional tours & dinner to see NREL facilities and learn from each other
